

Vitop Pincer

Convenience

BASIC TOOL

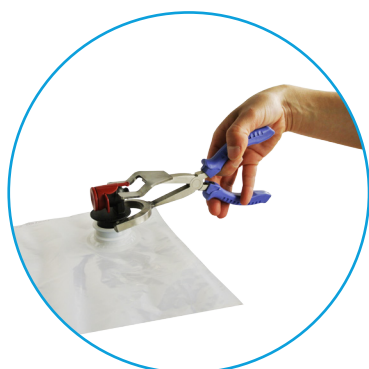

Aimed especially to small producers, the hand tool was designed for manual Bag-in-Box® filling. It allows complete and effortless insertion of the tap into the gland.

Benefits

Advantages of the Vitop pincer

- 1 **RELIABLE:** Made of aluminium. Solid structure.
- 2 **EASY TO USE:** Perfectly adapted and designed for the Original Vitop® tap. Can be used with only one hand.

Place the hand tool facing the pouring hole of the tap

Insert the hand tool clamp in the upper part of the gland

Press until the total insertion of the Vitop tap into the gland
